Hi Kim,
We sent the attached letter to President Bear Runner on Friday.

We were going to wait for your review and concurrence this week before sending it out, but I received an email from Reno Red Cloud that said the October 2nd, 2020 date is not official right now, and OST would like information on scheduling new dates, that will be suitable for these meetings.
So we felt we should get that letter out ASAP giving OST the heads-up that the meeting can't be later than Oct 2.

Subject: Letter from EPA in response to Aug 21 letter requesting joint consultation with BLM

President Bear Runner,

Please find attached EPA's letter responding to your August 21, 2020 letter requesting joint consultation with BLM. EPA welcomes the opportunity for joint consultation with the Oglala Sioux Tribe and BLM.

As stated in the letter, EPA emphasizes the importance of adhering to the schedule for holding the EPA – BLM joint tribal consultation meeting with the Tribe on October 2, 2020.

In addition, EPA is available to hold the technical meetings requested by the Tribe before the October 2, 2020 tribal consultation meeting, and urges the Tribe to hold those meetings to gather technical information to share with the Oglala Sioux Tribal Council in advance of the October 2, 2020, tribal consultation meeting.

Thank you for your consideration of the requests in the attached letter.
